

Safe, high quality care **every time**

Director of People and Culture

Candidate information pack

August 2026

Welcome

Thank you for your interest in the role of Director of People and Culture at North Cumbria Integrated Care NHS Foundation Trust (NCIC).

This is a unique opportunity to shape the future of our organisation through our people. Our colleagues are at the heart of everything we do, and we know that creating an inclusive, compassionate and high-performing culture is fundamental to delivering outstanding care for the communities we serve.

As Chief People Officer, I am looking for an exceptional leader who shares our belief that great patient care starts with a great employee experience. We need someone who can combine strategic thinking with authentic leadership, building strong relationships across the Trust and our wider health and care system while ensuring our people agenda continues to support our ambitious organisational goals.

NCIC has strong foundations, a committed workforce and a culture built on collaboration, respect and continuous improvement. We have made significant progress in developing our leadership, supporting staff wellbeing, strengthening equality, diversity and inclusion, and creating an environment where colleagues feel valued and empowered. However, we know there is more we can achieve.

As Director of People and Culture, you will play a pivotal role in shaping our future workforce, leading organisational development, workforce planning, leadership development and cultural transformation. You will help us attract, develop and retain talented people while fostering an environment where innovation flourishes, inclusion is embedded and every colleague can perform at their very best.

This is a role with real influence and impact. You will work closely with executive colleagues, clinical leaders and partners across our Integrated Care System to ensure our people strategy enables the delivery of safe, effective and compassionate care for our patients, today and into the future.

What makes NCIC special is our people. Across our hospitals and community services, our colleagues demonstrate extraordinary commitment every day. They deserve leaders who are visible, supportive and ambitious for both them and the organisation. If you are passionate about developing people, leading meaningful organisational change and creating a culture where everyone can succeed, I would be delighted to hear from you.

I hope this candidate pack gives you a sense of the opportunity ahead, and I look forward to welcoming our new Director of People and Culture to NCIC.

We believe that a diverse senior leadership team makes better decisions and delivers better outcomes, and we warmly encourage applications from people from under-represented groups. If you would like an informal and confidential conversation about the role, please contact James McLeod at Hunter Healthcare on jmcleod@hunter-healthcare.com or 07842 424530.

We look forward to receiving your application.

Kate North

Chief People Officer

North Cumbria Integrated Care NHS Foundation Trust

About us

We provide hospital and community health services to 500,000 people. We're responsible for delivering over 70 services across 15 main locations, employing over 6500 members of staff.

Our values of kindness, respect, ambition and collaboration drive us to provide safe, high-quality care every time.

NCIC is part of North East and North Cumbria Integrated Care System (ICS), which is a partnership of organisations including local councils, voluntary and community services that provide health and care across our region.

Led by the North East and North Cumbria Integrated Care Board (ICB) we work collectively, join up resources and expertise to provide the best health and care for our communities.

Our strategic priorities for 2026-2031

NCIC's mission is to deliver "safe, high quality care every time".

Our long-term strategy aims to establish the organisation as a nationally recognised centre of excellence for integrated rural and coastal medicine, structured around four primary objectives: patients, people, partners, and pounds.

Over the next five years, we will build on the foundations that colleagues across the Trust have laid since 2020.

We provide hospital and community health services over 2,600 square miles to more than 500,000 people, everywhere from Carlisle to Kendal and the Cumbrian coast to the North Pennines.

Our strategic goals include:

- **Our Patients:** Providing clinically-led care to ensure the best possible health outcomes regardless of where patients live.
- **Our People:** Making NCIC a great place to work by recruiting and retaining a highly-skilled clinical workforce.
- **Our Partners:** Collaborating across health and care systems, particularly through eight local Integrated Care Communities (ICCs), to build sustainable services out of hospital.
- **Our Pounds:** Ensuring financial and environmental sustainability by making the best possible use of limited resources.

More detailed information on our initiatives and corporate plan can be found in the **North Cumbria Integrated Care 2024 to 2029 strategy**.

Safe, high quality care **every time**

Our vision and values

We want to build a new integrated health and care system to create healthier and happier communities.

Our vision

Everyone we serve will experience high-quality, equitable and connected care, shaped by innovation, delivered with compassion and creating a healthier future for all.

Our values

Our values guide the way we work every day from board to ward. We want to make our services the best they can be for our patients, workforce and partners in the community.

Each value has a series of behaviours behind it that we're building into everything we do, from our appraisals to our policies and procedures.

KINDNESS

Kindness and compassion cost nothing, yet accomplish a great deal.

RESPECT

We're respectful to everyone and are open, honest and fair.

AMBITION

We set goals to achieve the best for our patients, teams, organisation and partners.

COLLABORATION

We're stronger and better working together with and for our patients.
